How often have you had something break down just outside its manufacturer's warranty?

With Warranty Plus, we can extend your warranty up to five years. We also offer warranty enhancements; these included additional benefits above and beyond your existing manufacturer's warranty.

A Warranty Plus warranty is offered on a wide range of electrical items. From TV's and videos, to photocopiers and computers.

If you can plug it in, or it runs on batteries, you can now extend and enhance its warranty with Warranty Plus.
